

ToBIT module: introduction

**Topics in Business Information
Technology (ToBIT)**

Jacqueline Vitacco

Deliverables

- **Paper** in English, 6000-7000 words (not including anything that was generated by Word such as cover sheet, table of content, reference list)
- Admission criterion:
 - **Proposal** (advance submission)
 - 20-minute **presentation** of findings (after submission)
 - Presentation **slides** sent to supervisor on the day before the presentation
 - During the semester: 3 **group meetings** (initial meeting, proposal presentation, catch-up meeting)

Key dates

- By Wednesday, **24 September**, 17:00: Choose your 5 preferred topics (prio 1-5) from the topic list on Moodle.
- By Monday, **29 September**: Receive assigned topic/supervising lecturer (email notification). Subsequently, contact your supervisor to organize a first meeting.
- By Saturday, **11 October**: Hold 1st meeting (usually in groups) with supervisor
- By Saturday, **25 October**: Hand in finalized proposal to supervisor via email
- By Saturday, **8 November**: Hold 2nd group meeting (proposal presentation or feedback)
- By Saturday, **29 November**: Hold 3rd group meeting
- **Deadline 30 Dec**, 17:00: Submit finalized paper (Moodle upload)
- From **3 January onwards**, organize presentations with supervisors (usually in groups)

Student duties and responsibilities

Task	By when
Choose topics	Wed, 24 Sept
Contact your supervisor for 1st meeting	Between 29 Sept and 1 Oct
Hold 1st meeting	By 11 Oct
Deadline: Send proposal by email to supervisor	By 25 Oct , 17:00
Hold 2 nd meeting	By 8 Nov
Hold 3 rd meeting	By 29 Nov
Upload finalized paper to Moodle assignment space	By 30 Dec , 17:00
Hold presentation, attend two others	By mid-Jan 26

Topic assignment

- Topic assigned by the OptimalZ algorithm
 - “OptimalZ automates the project allocation while offering a mathematically optimal solution under application of the Hungarian algorithm, so that as many students as possible become a project assigned that has been chosen as 1st priority.” (Software Development OptimalZ, Project Handbook, Jonas Stucki, Tobias Gerhard, Loris Grether; Basel 2017)
- No solution if 6 students select the same 5 topics

Objectives of ToBIT paper and presentation

- Evaluate new technologies for use in business.
- Distill the results of your research into the most important information
- Preparation for your Bachelor thesis (citing sources, developing a research question, consulting mainly scientific literature)
- **Academic writing coaches** will address language, citation, proposal, RQs, literature review, finding sources

Proposal: deadline **Saturday, 25 October 2025**

- Must include your research question(s)
- Will require a first literature research: addressed in academic writing classes, along with techniques for literature research
- Must be accepted by supervising lecturers
- Template/example on Moodle

Grading

- **Admission requirements:**
 - Submission of **proposal**,
 - Holding a final presentation and attending two further final **presentations**
- ToBIT seminar: Paper and presentation
- Academic writing coaches can **deduct points** for non-adherence to guidelines for referencing (citation)

ToBIT seminar: Evaluation

– <u>Written Part (paper)</u>	80%
– Documentation & formal criteria	18%
– Research (conceptual/theoretical) framework	25%
– Procedure & analysis	19%
– Interpretation & reflection	19%
– Achievement of objectives & critical appraisal	19%
– <u>Oral Part (presentation)</u>	20%
– Delivery	30%
– Content	70%

Academic integrity

- 5-10 points deduction by academic writing coaches: Reference list and in-text citations do not adhere to the School of Business's guidelines (link on Moodle, guidance from AW coaches).
- If your text contains grammatical and orthographical errors that impede understanding, up to five points deduction.
- **The use of AI tools must be declared transparently.**
- Mandatory reading of [Artificial Intelligence \(AI\) for Performance Records in the Business Administration Degree Program](#)
- List of aids
- Declaration of Authenticity

Presentations: from 3 January onwards

- Organized in groups (whether online or onsite depends on supervisor)
- Held in English
- Attendance in two further presentations is a **requirement**
- For groups with less than 3 members, a schedule will be published on Moodle
- Presentations involve a Q&A

What can you find on Moodle?

- General information
- Templates
- List of topics
- Topic allocation
- Upload for finalized papers
- Presentation schedule
- Link to the School of Business's referencing guidelines (citation)

That's it!
